You may use this form to request a reevaluation of your ineligibility for financial aid based on insufficient progress toward a degree. Appeals and supporting documentation are due as soon as possible, but no later than the 100% add/drop period for your next period of enrollment. Appeals and supporting documentation received by the Office of Financial Aid after the deadline and after classes have begun may require a course schedule with instructor's names. The instructor for each course may be contacted to confirm you are attending and participating in class. If the appeal and supporting documentation is received by the Office of Financial Aid after grades have been assessed those grades will be considered when determining your financial aid eligibility. By submitting your appeal after the term begins you are responsible for all charges that may be accrued without the eligibility for aid.
