

Mission Statement:

The McKendree Holman library provides high-quality service and diverse scholarly resources and materials to facilitate research, lifelong learning, discovery, and engagement of McKendree students, faculty and staff.

Vision:

The Library supports the University mission by striving to be an essential component of the intellectual and creative life of the University. The Library will excel in collecting, preserving, and providing access to quality scholarly and educational resources; provide high quality, innovative services; and create a welcoming physical environment. The Library will foster an atmosphere that encourages diversity, creativity, and continued growth to continually surpass our own high standards.

Values:

We are committed to:

- Preserving McKendree University's past in order to look toward the future
- Curating a collection of information sources in all formats with the goals of research and scholarship excellence, sociocultural responsiveness, and holistic enrichment
- Ensuring access to information from diverse points of view in support of a global information landscape
- Supporting the curricular and extracurricular information and research needs of the McKendree community
- Preparing students for lifelong learning and engagement by teaching information literacy and research skills
- Providing our patrons personalized attention in a complex information world
- Providing a welcoming and comfortable physical environment for collaboration and learning, accessible to all
- Providing a bridge between distance learning and the campus community
- Respecting the intellectual freedom and privacy rights of our patrons
